# What is National Youth Leadership Training?

NYLT is an intense youth-oriented leadership training experience

Scouts working together

## Who are the NYLT staff?

NYLT is a boy run program with adult supervision. The youth staff consists of a Senior Patrol Leader, Assistant Senior Patrol Leader, and Troop Guides. Over half of the youth staff will have gone through Philmont's National Youth Leadership Instructors Course or NAYLE. The Staff models the core learning and the leadership messages of the NYLT syllabus.

## NYLT's goal:

NYLT is an exciting, action-packed program designed to provide youth members of the Boy Scouts of America with leadership skills and experience they can use in their home troops and in any other situations demanding leadership of self and others.

## Course Overview:

Built on the legacy of past JLT successes, the new NYLT integrates the best of modern leadership theory with the traditional strengths of the Scouting experience. Through activities, presentations, challenges, discussions, and audio and visual support, NYLT participants will be engaged in a unified approach to leadership that will give them the skills and confidence to lead well. Through a wide range of activities, events, games, and adventures, NYLT participants will work and play together as they put into action the best that Scouting has to offer.

NYLT models a month in the life of a troop. The course uses the patrol method and presents the model Patrol Leaders Council meetings. Patrols are challenged to present to the troop their "Quest for the meaning of leadership". While the challenge is designed to have patrols experience the four stages of development, it will help patrols and individuals Scouts internalize the leadership skills and concepts being presented to them along the way. The Patrols will be challenged with many activities and games. The focus of each session is, not only knowledge, but in giving the youth a "Toolbox of Skills" that equips them with the "how" of leadership.

- Gives the participants the confidence and knowledge to conduct the troop program in their home troops.
- Provides participants with a clear understanding of team and personal development.
- Creates an environment of Scouting fellowship and fun guided by the Scout Oath and Law.
- Gives participants the opportunity to share ideas and experiences with Scouts from other troops.
- Have fun and experience Scouting at its best.
